Business Applications: Microsoft Power Apps, Database Management, SharePoint, Microsoft Teams, PowerPoint

PROFESSIONAL EXPERIENCE

PROCESS IMPROVEMENT CO-OP | **Shaw Industries** | Dalton, GA

January 2026 – July 2026

- Designed and maintained an Excel-based KPI dashboard tracking daily and weekly operator productivity across 3 shifts, delivering actionable insights that enabled supervisors to make data-driven decisions
- Developed a weekly performance reporting tool that translated raw operations data into clear recommendations for supervisors, improving visibility into productivity trends and improvement opportunities
- Built and maintained a database system to track incentive program metrics, costs, and outcomes, partnering with stakeholders to evaluate the effectiveness of a newly implemented productivity program
- Evaluated operational performance and incentive program data to identify improvement opportunities, contributing to a 5.7% increase in average CPMH within 4 months

LOGISTICS CO-OP | **Shaw Industries** | Calhoun, GA

June 2025 – December 2025

- Engineered a Power Apps application to track and timestamp associate activities in real time, improving process visibility and reporting accuracy for operations stakeholders
- Conducted a time-motion study assessing how long utility associates took to unload trucks, restock shelves, locate and load outbound products, applying findings to streamline workflows and improve daily operational efficiency
- Executed a receiving time study benchmarking performance against pallets-per-hour targets following a new process rollout, presenting findings that identified a 35% increase in workforce productivity

ADDITIONAL EXPERIENCE

Shaw Industries – LTO Driver, October 2023 – May 2025 | **Chick-fil-A Supply** – Loader, June 2022 – August 2023

ANALYTICAL PROJECT EXPERIENCE

Toyota Financial Statement Analysis: Analyzed Toyota Motor Corporation's fiscal year 2024 income statement, balance sheet, and cash flow statement to evaluate revenue trends, profitability, and overall financial health. Calculated key liquidity, solvency, and profitability ratios in Excel to benchmark year-over-year performance and presented findings and recommendations via a formal PowerPoint presentation.
